Danny P. Goel, MD, MSc, MBA, FRCSC is a practicing surgeon and educator. He currently practices in the Vancouver, BC area and serves as Clinical Professor at the University of British Columbia's Faculty of Medicine in the Department of Orthopedic Surgery. Dr Goel received his medical degree from the University of Manitoba, pursued his residency training in orthopedic surgery at the University of Calgary, and then completed fellowship training in shoulder surgery at Western University and Harvard University. He is also the founder and CEO of PrecisionOS, a medical grade simulation software platform.
